

On April 15, 2013 fourteen club members and five aircraft left from either Ocala or Leesburgh airport for our annual fly out to St. Augustine. All the flights met at Galaxy Aviation in St. Augustine about 10:30AM.

Brian Mullady had set up a tour of a rebuilt Waco and a Steerman that was based at Galaxy. After the tour the group went downtown to have lunch at Harry's Restaurant across the street from the water front. After lunch the group split up and some took a tour of the old fort, while others visited stores in the downtown area. Just before take off on the return flight some of the members met with pilots of a P51 that had just landed and was given a tour of the aircraft.

The following members were on this fly out: Don Field, Bernie Baker, Ted Burket, Brian Mullady, Larry Landerman, Gene Laskowitz, Don Sharmhorst, Jim Plesetz, Dick Meyer, Jim Waymire, Larry Hanna, Nelson Bailes, Larry Sumner, Barbara Keedwell.
